

Help Support Cincinnati Middle School Golf!

The Cincinnati Middle School Golf league was established in 2010 with 16 teams competing. We now have 24 schools with "A" and "B" teams. These teams represent middle schools throughout the Cincinnati region.

In an effort to promote the Cincinnati Middle School league and junior golf, we created the www.CMSgolf.com website. The website is where golfers, coaches, parents and fans go for standings, statistics, schedules, photos, news and tons of other information... generating 50,000+ page views a year.

To help offset the costs of running the CMS League, we ask you to support these kids by purchasing the banner space displayed on the CMSgolf.com website.
